APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all existing rights on the source. It is understood that the 0.20 c.f.s., herein granted is only a temporary allowance and that the final water right obtained under this permit will be dependent upon the amount of water actually placed to a beneficial use. An accurate measurement of the water actually being discharged from the spring must be made on a monthly basis, and a complete record covering at least one year's measurements must accompany the Proof of Beneficial Use when submitted.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.20 cubic feet per second, but not to exceed 47.2 million gallons annually.

Actual construction work shall begin on or before April 30, 1981

Proof of commencement of work shall be filed before May 30, 1981

Work must be prosecuted with reasonable diligence and be completed on or before April 30, 1982

Proof of completion of work shall be filed before May 30, 1982

Application of water to beneficial use shall be made on or before April 30, 1983

Proof of the application of water to beneficial use shall be filed on or before May 30, 1983

Map in support of proof of beneficial use shall be filed on or before

Commencement of work filed JUN 22 1981

Completion of work filed JUN 15 1982
